BUSINESS MANAGEMENT
(Bachelor of Science)

Perspectives

After the successful graduation of our bachelor program, you can take over responsible management tasks in a business environment. You support the management team in companies at all levels as well as take over managerial functions. You solve technical tasks independently, master management techniques, become part of a team and also collaborate, lead and delegate them. Our program „Bachelor of Business Management“ offers in-depth knowledge in all core areas of business administration. You will acquire professional skills i.e. comprehensive key competencies and you will be able to understand national economies and every individual company as part of a global economical system in which methods, facts and numbers are just as important as social interaction. We prepare you for your future tasks in middle to upper management. Real case studies will be used to convey meaningful content. You acquire knowledge and methods as well as social and personal competences.

1. Admission

For your Bachelor’s program „Business Management“ at our university you need: a general university entrance qualification, a university of applied sciences entrance qualification, an extended university entrance qualification effective in North Rhine-Westphalia or for foreign applicants: university entrance qualification or equivalent. Additionally, we require proof of proficiency in English (for example, a TOEFL- Level of 600 (pbT) / 80 (ibT) or an equivalent certification). No test required for students from countries with English as the official language in education. If you have any questions, please contact our course guidance office. You will find the contact details down below.

2. Guidance and Financing

We are more than happy to help with any questions you may have regarding the course content, financing options, or scholarships. You can contact us by email, phone or visit us here in North Rhine-Westphalia.

3. Application

Application is fast and easy using our online application website: https://campus.fh-hamm.de/

IMPORTANT:

Please select the right place of study for your application in the applicant portal.

Please note your country-specific visa deadlines in order to start studying in Germany. We can only guarantee you a place at the university if you have a valid visa to study in Germany. Please contact the German embassy in your home country for exact deadlines.

We look forward to welcoming you at our university in the coming semester!
